What do you live for

Truth

Dream

Love

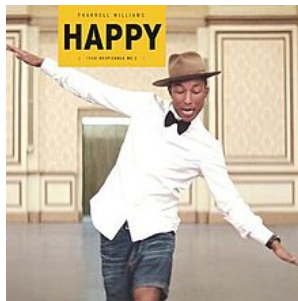

Money

What else...

Basically, those can be reasons

How about

?

What do you live for

Why happy

- 1 Live longer([source](#))
- 2 More healthy([source](#))
- 3 Marriages more succeed([source](#))
- 4 Make more money([source](#))
- 5 Life should be happy, isn't it?
- 6

Let's talk about one of methods to happy

How do you think of programming

May you think so...

How do you think of programming

Or...

How do you think of programming

But, it can be...

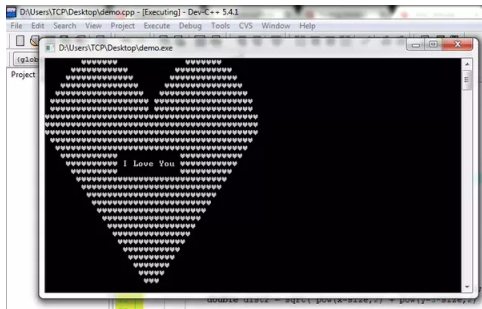

Programming running

How people run	
How programmers run	<pre>public void run() { step++; }</pre>

How do you think of programming

Programmer's love poem ...

`printf("Hello, my World");`

How do you think of programming

Programmer's kids...

How do you think of programming

Why Linus is the greatest programmer

Most good programmers do programming not because they expect to get paid or get adulation by the public, but because it is fun to program.

(Linus Torvalds)

But is there a way to get programming fun?

Yes, it's Online Judge System

An online judge is an online system to test programs in programming contests. They are also used to practice for such contests. Many of these systems organize their own contests.

How it works?

Process of working

Some common ONJs International

- CodeChef
- LeetCode
- URI Online Judge
- SPOJ
- TopCoder

Domestic

- 清华清橙
- 北大判题系统

My choice — URI

- Levels
- Many problems
- Full functioning
- English

One day

I hope one day...

- everyone fell in love with programming
- we can also participate in the ACM-ICPC
- Active discussion in the forum
